Review Form of the ICCC 2017

2017 3rd IEEE International Conference on Computer and Communications (ICCC)

ICCC 2017, Chengdu, China

Dec. 13-16, 2017

http://www.iccc.org/

Paper ID	CS195				
Paper Title	Driving Self - Learning System Based on the Virtual Reality				
General Comments					
The authors described a driving self-learning system based on the virtual reality. This system is a convenient and good way to learn driving but also have many pats can be improved in future research.					
Paper Score					
●	**Exceptional**	**Very Good**	**Good**	**Fair**	**Poor**
Relevance			●		
Originality			●		
Significance			●		
Technical soundness				●	
Clarity of presentation/ language				●	
Comments and Instructions (better no less than 100 words):					
The paper formatting should be improved a lot. Please use the same font for the whole paper contents. Some of the references have not given with proper journal title, page number, volume number and year. Fig. 1 and 6 should be cited and well explain in the paper text.					
Final Evaluation					
☐ Excellent ☐ Very Good ☐ Good ● Fair ☐ Poor					
☐ Acceptance ● Minor Revision ☐ Major Revision ☐ Rejection
